

Sama

On the surface, Sama is an unassuming mono linear typeface with rounded terminals. But, with genial curves that gently billow its forms, Sama breathes new life into a sedate and saturated genre. Despite its closed counters, such subtle gestures in lighter styles lend each page a certain weightlessness; as Sama balloons in weight, these features bounce around with a youthful verve. No matter the language, Sama (meaning natural ambience in Hindi) is an amiable space to house your message.

8/12 Pt, Sama Book

During the "Hot Weather", Shimla was also the Headquarters of the Commander-in-Chief, India, the head of the Indian Army, and many Departments of the Government. The summer capital of the regional Government of the Punjab moved from Murree, in modern-day Pakistan, to Shimla in 1876. They were joined by many of the British wives and daughters of the men who remained on the plains. Together these formed Shimla Society, which, according to Charles Allen, "was as close as British India ever came to having an upper crust." This may

Methadology
A research design

A research design is the set of methods and procedures used in collecting and analyzing measures of the variables specified in the problem research.

The design of a study defines the study type (descriptive, correlation, semi-experimental, experimental, review, meta-analytic) and sub-type (e.g., descriptive-longitudinal case study), research problem, hypotheses, independent and dependent variables, experimental design, and, if applicable, data collection methods and a statistical analysis plan. A research design is a framework that has been created to find answers to research questions.
